

NEVADA STATE CERTIFICATION IN ENVIRONMENTAL EDUCATION & INTEPRETATION

Want to Bring Stories to Life?

The Nevada State Certification in Environmental Education and Interpretation (EE&I) will equip you with the knowledge, practical skills, and communication strategies to teach in nature and heritage rich places. We will explore best practices for giving tours, teaching about wild things and wild places, facilitating learning experiences, leading activities, and promoting lifelong learning and environmental literacy.

Whether you are new to the field or already an environmental or non-formal education professional, the program will add to your skills and equip you with tangible credentials.

EE&I

What To Expect

- Hands-on, engaging courses
- One-on-one coaching by trained mentors
- Innovative experiences created and delivered for a variety of audiences
- Affordable cost, flexible program format, and reasonable time commitment
